

Form B: Manuscript Review

Author(s) _____

Title _____

Type of publication _____

Intended audience _____

Reviewer's name _____

Date submitted for review _____ Date due back to author _____

CONSIDER THESE QUESTIONS

- Is the content current, accurate, and at the right level of detail for the intended audience?
- Can the text be clearly understood by the intended audience (e.g., no confusing jargon)?
- Is the length of the text about right for the intended message?
- Are conclusions presented clearly? Are they technically sound, based on results?
- Are the tables and figures easy to read and understand?

REVIEWER'S RECOMMENDATION (Check one of the following. Write your comments on this sheet and on the manuscript, where appropriate. Return form and manuscript to lead author.)

Suitable without
revision

Suitable after
revision

Not suitable
for publication

Comments: _____

Reviewer's signature _____ **Date** _____

(Use other side of this sheet if more space is needed.)
