Extension

Future Food Entrepreneur!

Thank you for your interest in *Developing Your Food Product Idea*. We have designed the course to help aspiring food entrepreneurs explore their ideas in an orderly and affordable manner. By limiting enrollment to 16 participants, we can pay greater attention to individual needs and interests. Our in-class assignments will allow you to gather and assess information while protecting the confidentiality of your proposed venture.

The class will be conducted in Building 1902, The Education Center, next door to the Food Technology Center, here at the Caldwell facility. Lunches will be provided along with snacks and beverages throughout the day. Please complete and return the registration form with a check for \$75 made payable to the University of Idaho. Since enrollment is limited, we advise early registration. We also cutoff registration one week prior to the class date to allow for course material preparation and catering.

We look forward to working with you on your food venture. Please feel free to contact us if you have any additional questions or would like to tour the Food Technology Center prior to the class.

Sincerely,

University of Idaho Staff

Jim Toomey, Director  
University of Idaho Business & Technology Incubator  
1904 E. Chicago St.  
Caldwell, Idaho 83605
