

## Who are the Soil Stewards?

### Mission Statement

Soil Stewards is an ASUI recognized student organization whose members created and continue to run an organic farm within the UI Plant Science Research Farm.

Goals of the project are to promote the preservation of natural resources and sustainability through community outreach, research, and experiential learning.

Subscription Information

## Share the Harvest

Soil Stewards, the University of Idaho Organic and Sustainable Farming Club is pleased to announce that a limited number of shares are now available in their CSA Program.

*What is a CSA?*

Community Supported Agriculture.

*Who is the community? You!*

*What are you supporting?*

Valuable education and research opportunities in sustainable agriculture and food systems!

*What kind of agriculture?*

The Soil Stewards farm nearly three acres of land which is in the process of becoming certified organic by the State of Idaho. Students work to produce the best quality vegetables, herbs and flowers sustainably, and without the use of pesticides or herbicides.

*What's in a share?* Shares typically feed 2-4 people. They contain a mix of in-season, clean, ripe vegetables and herbs picked fresh the day you receive them.

### **Availability & Price**

**“Back-to-School”**

**shares will be available this year from August to October**

**for 10 weeks of fresh produce.  
There are two ways to participate.**

**Shareholder:  
\$15 a week,  
or \$150 for the season.**

**Soil Stewards Member:  
members may volunteer at the farm at  
least 3 hours per week to  
receive a share at no cost.**

**There are only a limited number of  
shares available. To reserve your share  
of the harvest, please contact  
Jodi Johnson-Maynard, Club Advisor, at  
208-885-9245**

**Or email Soil Stewards at  
soilstewards@stuorgs.uidaho.edu**

## What's Growing?

Shareholders may expect to see the following in their boxes from week to week:\*

- *Tomatoes - in a rainbow of colors and variety of shapes & sizes*
- *Peppers*
- *Eggplants*
- *Salad Greens*
- *Summer and Winter Squash*
- *Carrots*
- *Cucumbers*
- *Potatoes of all kinds*
- *Green Beans*
- *Onions*
- *Cabbage, Kale & Chard*
- *Sweet Basil*
- *Italian Parsley*
- *...even Fresh Flowers!*

\* Due to timing, weather, pests, and other factors, not everything listed will be available or abundant every season, & selection may be subject to change.
